SKF Seals have been tested and proven to reduce friction by more than 20% from OEM seals, while still providing maximum protection.

HD Range RRP \$57 per unit

<ul style="list-style-type: none"> • KIT45M-HD • KIT47S-HD • KIT48K-HD • KIT48S-HD • KIT48W-HD • KIT50M-HD <p>Each unit includes 1 seal and 1 dust wiper</p>
--

SKF is introducing a new range of fork seal kits specifically developed for heavy duty off road use. The dust wiper has enhanced protection with a dual lip that creates a labyrinth which limits the exposure of mud to the oil seals.

For an information pack on SKF fork seals please contact MXRAD.
